1-800-942-9412
(630) 407-6502 (TDD)
(630) 407-6599 (FAX)

Provides a diagnostic test to income eligible households to aid in lowering the cost of utilities.

Energy saving measures provided may include sealing cracks with weather-strip and caulk, insulating walls and attics, and repairing or replacing windows and doors. IHWAP checks each furnace for safety, and when needed, repairs, updates, cleans and tunes to provide optimum efficiency. The furnace is replaced if found to be unsafe or non-repairable. Smoke detectors, and carbon monoxide detectors are installed in homes without them.

Households who qualify for the Weatherization Program may also be eligible for the Low Income Home Energy Assistance Program (LIHEAP), which assists eligible households in paying for winter heating services. Accommodations are available to assist seniors and the homebound apply for Weatherization and LIHEAP.

When you call, please inquire about our Single Family Rehabilitation (SFR) and Accessibility Programs.

The mission of the Senior Health Insurance Program is to educate Illinoisans about Medicare supplement, Medicare health plans, Medicare Prescription Drug coverage and long term care insurance. SHIP provides accurate and objective counseling, assistance and advocacy regarding Medicare-related issues and products, thereby ensuring that individuals have all the information they need to make an informed decision about their healthcare insurance needs.

SHIP wants you to understand and maximize your Medicare benefits.

- Know which part of Medicare pays for what.
- Learn about all the options you have for receiving Medicare benefits through a managed care system, an individually chosen supplement or other choices.
- Find out if there is help to pay for your Medicare premiums for both health insurance and prescriptions.
- Know the preventive services available through Medicare to keep you healthy.
- Meet with a counselor who will help you through the maze, advocate for an appeal or just answer a simple question.
